

WEDNESDAYS *together*

**Fall 2020
7:00-8:00 p.m.**

We're excited to introduce *Wednesdays Together*, a program of multigenerational spiritual growth and faith formation inspired by the Adult Forum that has traditionally taken place on Sunday mornings between worship services. This fall, we're inviting the whole church into deeper consideration of antiracism as a practice in Christian Formation.

The first three weeks of *Wednesdays Together* will include facilitated conversation on the book, "*Stamped: Racism, Antiracism, and You*" by Ibram X. Kendi and Jason Reynolds.

Wednesdays Together later this fall will include opportunities to gather for music, reflection on the church's budget, and discernment about the consequences of the 2020 election, among other topics.

Look for more information in the weekly eNews. If you have any questions or need assistance, please email Louise: lturrentine@unitedchurch.org.
